Whether you have been here for five years or one, Hoosac is now part of your lives. Use the experiences to influence your decisions. Best of luck in college. JAMES AHERN

Mom, Dad, Ryan- Thank you for your support throughout every step of the way. I couldn't have made it to graduation without you guys. Thank you for being there any time I needed you. I can't wait to make you all proud of me in your studies and music, and you will become greater than you know. I love you all and thanks for everything.

Colin- These past two years have been nothing but good memories and laughs. It didn't get much better when we were painting and making omelets. You have a great attitude towards life, with your work ethic you will be successful no matter what you decide to do... keep in touch.

Scotty- It's been a great two years buddy, we definitely had more than a few good memories at the crow's nest. Whenever I have a bowl of lucky charms it will make me think of you. You're a great friend to have and also one of the nicest people I've met. Good luck next year and stay in touch.

Ryo- We never were too close but when you were around we always had a good time. If hockey doesn't work out for you speed skating is always an option (just kidding) keep working hard with whatever comes your way. Give me a call if you are ever in Maine or Boston. Bouchie- It was a great year man, you are one of the wildest kids around nevertheless, you were always a good guy to talk to and have around. It's a relief knowing you only live 30 minutes away. Best of luck at Assumption next year... see you on the beaches this summer. Blake- All the way from Coyle to Hoosac School, whenever I saw you at Lavino chances are you weren't doing homework. If you are feeling like the beach just hop on 44 and give me a call. See you soon enough man.

Stew- We had some great times this year man, the gauntlet, hockey at the Fryberg mansion, sub zero runs on shawney peak. Good luck at Plymouth State next year I'll have to come check up on you a few times. I know you will, but have fun this summer and keep in touch. T.J.- Do you have the time hey? You are way beyond your years man. The torch is being passed down to you, who else are going to show the new hockey boys the ropes. Even though I will be seeing you this summer I'll be back to the sac on a few special occasions. Good luck next year!

Frank- My D partner... there are no questions about it when we were on the ice I actually felt bad for most forwards trying to break through the brick wall. Good times at Southern Maine, well at least of what I can recall. Good luck at camp next year, keep in touch man.

Hilson- What a guy... you can't find many guys like you in Ottawa. These past couple years we had our ups and downs but no matter what I knew you would always be there if I needed you. You've been a great friend good next year at RMC. Don't forget if you ever have an unidentified MIG on your tail, just reach into your back pocket for a little bundle nation. Make sure to keep in touch.

Hardy- It's been great living in the same dorm as you this year; you are a classy guy with a lot of potential. It doesn't get much better than an intense hallway hockey game with a bomb in. It's comforting knowing you only going to be a rocks throw away next year. I see big things happening in the future, good luck at Bowdoin you will be fine... talk to you this summer.

Matt- It really had been great having you around this year. When we met last summer at HNIM who would have ever believed a year later we would end up, not only going to Hoosac together but also becoming roommates at USM. The Longhorns had a rough season on paper but I'll never forget some of those games. The best years of our life are awaiting us I couldn't of picked a better person to experience them with. Talk to you this summer and see you September 4th at USM class of 2011.

Ferg- WOW where do I start, it's been a crazy couple of years man. From S-Fest '06 to the infamous B&G. As Mr. Horne would say you have many characteristics of a stoic. Sorry for the few ulcers I may have given you when it came to keeping the room clean. Otherwise, you were a great roommate to have. The fluke chance someone may have gotten through the brick wall on D, when I saw those big yellow pads butterfly my worries always disappeared. Now that you are finally getting far away from Mr. Martin, I hope to see you tearing it up in Walpole next year. Either way stay in touch and I know that you will be down to the Southern Maine Connection next year.

Alex- I guess its true when they say the best things in life happen when unexpected. Where have you been my whole life, I don't know what I would do without you. To understand what is happening today or what will happen in the future, I look back! Although it was a rocky start by the end of this year I now question what I would do without you in the future. Even though we're soon going to be away from each other more than were together remember to trust each other every step of the way. Keep working hard next year, and in the future, to make all your dreams come true. Your going to make a great prefect. You made me so happy this year, can't wait to see you this summer. I love you, xoxo

To the 2007 Hoosac Owls- We did it boys. After a neverending barrage of Thursday mornings, and a countless number of hills. We finally accomplished what we knew we could do deep inside. I don't know what I would do if I didn't play hockey because I would have never gotten the chance to create such an un matched bond with guys like you. Every time my Championship Ring gleams in the sunlight I will look back to the and always remember every one of you guys. GOODLUCK everyone and try to keep in touch.

Ms. Mac- It has been a joy being one of your sons. Thank you for everything you have done for me.

Coach- Even though you made me run about 300 hills I truly appreciate everything you have done me and the team. Thanks for taking us all the way this year.

Hoosac is a place like no other, with it comes both the good and the bad but the one thing that I'm coming out with is friendships that may be lost in translation for a little bit but they will never be lost completely. We will never be a family like this again but we don't have to forget the times we had together.

Hardz- it's hard to imagine another page in our books as written, having you as a roommate this year has only brought us as close as brothers came. The vast memories that were lit up at 1234 and the many times I was able to watch you dance around the ice, its been a pleasure thus far and looking forward to seeing you as often as possible kid.
Mathew- where to start... You never know what a person is like until you share a closet with him, its been great being able to call you a roommate, never had a better time then when I came to your house MD, don't know what I'm getting to do next year without you man, keep it real and look forwards to seeing you soon.
Schiavi- a kid that constantly wakes up at 7:58 just to annoy Moss, its been an experience living with you, its been the best year of my life, the countless journeys to Montreal, all the late night stories about anything and everything, you'll be close next year living in Storringsburgh so hopefully we stay close and are able to continue our story.
Ahern- What's up brotha! Having you as a neighbor for two straight years has been a pleasure, it's been amazing to live around you, you're a guy that is able to make a dull place seem happening, good luck with USM and hopefully see you soon.
Fergy- Wow, Budapest was the point in which we turned from being friends to being brothers; it was an experience that will forever be in my mind as bright as the days it happened, coming to NS to go to the world cup with you next year so get ready kid.
Sy- POO BEAR, well sypoo what can I say, it's the end of our reign and its time to pass the Mario cart onto anxious kids who want to be as good as us, its been great sharing the dorm with you and I hope to catch some of your games if you make it to juniors in Ontario next year.
Sook Gin- what to say, at times its like your our 5th roommate, its been great having someone like you around you go out of your way to make other people happy, you don't get enough credit and I'm saying thanks for being there for us, good luck in Switzerland and hopefully see you when I come to Switz for the Euro Cup.
O'Rourke- There isn't much to say man you're the one that ill be with the longest ripping up the pitch at RMC, looking forward to awaiting your arrival to start a new chapter in our lives.
Scooter- A kid that never gets angry, a kid in which will leave a little prickle in every one's heart next year, it's a shame we didn't meet before Hoosac its been great and see you in the years to come.
Ryo- The nicest kid on the planet, a kid that flies with the wind, hockey, soccer and tennis its been wonderful to have meet such a kid like yourself and hopefully see you again soon.

Bouchie- My little brother, a kid that has endless energy and endless quotes from "Grandmas boy" it was great spending time in Europe with you, ill never forget sitting for lunch at that restaurant and you breaking out into full out song; good luck with Assumption.
Boyer- Come see me and I'll supply you with an endless feast of filet-o-fish's, its been unreal having you as a target in practice and listening to your endless excuses in criminology, its been fun and hopefully see you soon kid.
Anna- two years I've known you and it feels like many more, you have made the time here exciting and enjoyable its been a pleasure to have walked the grounds that you will no doubt be senior prefect upon next year, I wish you the best of luck and ill miss you very much. I'd say keep in touch but it's unnecessary I know ill be talking to you for long after the days at Hoosac.
Gabriella- It's incredible that such a wonderful friendship could have of been formed through misunderstandings, you're a girl who is laid back and a pleasure to be able to joke around with, keep up the routine phone calls over break, good luck with everything and see you around.
Delro- "Hey Del" what would I have done without you in calc class, your one of a kind and I couldn't ask for a better euchre partner, good luck with school and hope to see you again sometime.
Hockey Team- As many of you go on to compete at the college level and maybe even further, this is the end of the line for some of us but what a year to end it with a championship in division 2, I've never been apart of a team as close as this years its something that we will all cherish for the rest of our lives. Realize its something special and treat it as that and for the returning guys keep the legacy going battle till the end to bring home something next year.
Coach and Rozanski- its been the best two years of hockey in my life, through endless Thursday mornings or as they seemed endless, the number of times that hill became a mountain and just for the moment of fame in Salem. It's been a pleasure to be apart of it and good luck with the new recruits coach and so long Rosey.
Teachers- its been fun battling through countless essays and numerous homework assignments; Mr. Lomuscio, I've never been able to focus for every class. It's special the way you are able to keep the class on track its been great and the best of luck when you are able to part from Hoosac, Ms. Mac two years I have bothered you with college commitments and I can finally say I want let your hard work go to waste, Stultz, I hide in the shadows only long enough, its been wonderful to be your student and look forward to eating some lamb one day.

SY NUTKEVITCH

Ms Mac: Thank you very much for everything you did for me while I was here and for offering me food and getting me N.H.L. package for my birthday.

Coach: From the first practice I saw you believed in me and what I could do and you put in situations to prevail, it paid off were D2 champs. Thanks for talking to colleges for me.

Mr. Ryan: You were my advisor and gave a lot of privilages thanks, you always let me be a player/coach sometimes too and if become a coach one day I'll tell you "I told you so..."

Mr. Rozanski: You coached us and the beginning of last year and when people got hurt you looked to me and that matured and made me much more ready for this year knowing that I can do it because I did it last year.

Hardy: ye bop from John rennie to Wic to Hoosac, 5 years of high school together and these last 2 years have been a blast playing with you and hooking me up with those bomb passes, I would of chosen no other D-Man to be looking up at the point to pass the puck to. The end of last year we said well both come back and win the whole thing, we did it! D2 Champs! You looked for me and I looked for you to man.

Mike: 2 years linemates whether you were on the left or the right you hated and always complained about the wing, but deep down you know you loved it when me and you were moving it was unbelievable to watch my pass turn into a nasty goal. Enjoyed playing with you.

Matt: the greatest 6 feet scorer in the game we always argued on the bench or on the ice but when I gave the puck to finish things off it all went away and it made everything better. You were the final piece to the D2 champs puzzle.

Anna: You made my two years here at Hoosac so special and enjoyable, it wouldn't have been the same without. Your smiling always made me smile you made things here that much better and for that I thank you and will always remember you.

Scotty: High school in Montreal for 2; Hoosac for 2; all the memories we have to laugh about. This past spring was a blast playing basball with scooter, and those Sunday tennis matches.

O'Rourke: Energizer bunny always going and up for anything to do. You played a huge roll in us becoming champs, and you were great all year.

Ferg: You stepped up this year to show "ryguy", you were a wall all year, baseball in the spring was awsome if there was a pop up on the right side of the infield if we weren't getting it someone else was coming to catch it.

Ahern: Bundle nation always going for the big hit never changed u were force out there made the other team scared.

Sacco: always big down the stretch new when he had to pick up his game. Thanks for all the food.

Hilson: fire rocket mr. shut down Mr. faceoff you are very good hockey player.

Gabbles: COWAN the name you most loved to hear we were class friends, and were there for eachother when we needed to be.

Boutin: The french a pain to play against in practice and hysteric off the ice, your English got so much better I made me laugh all the way through baseball.

Boch: Mr funny guy! Wow, you were good on that tricycle guess never lost your training wheels.

Boyer: Boyerism was always well and alive in class ur opinions are original.

Chrystyne: 2 years of English class together "wow you aggravated so much" lol.

Halbin: You always thought I was making fun of you, I wasn't. I gave you hard time because you always thought I was so serious.

Ryo: "The Japanese speed demon" don't worry you will score on breakaws soon enough.

Del-ro: such a funny girl always clowning around.

Stewey: we sat next to each other in the dressing room when playing the same posetion you came off I went on, you are very good hockey player.

Sarah: How we always fought and "I hate you" meant "I like you."

Bickford: You give new meaning to class clown just as Mr. Cochran said.

Moose: You always treated me nice and I liked giving you a hard time it was funny two see you so mad.

06-07 owls hockey team: this year was great and so special everyone on the team played a part and we couldn't have done it without everyone on the team.

COLIN O'ROURKE

Mom, Dad, Glenn: Thank you. Thank you for helping me through these two years at Hoosac. With your help, I have grown up and become who I am today. You deserve only the highest thanks because without you I would be lost in a sea of confusion. You have provided me with a light to see through the darkness. I am forever in your debt. Thank you!

Britt, Mike, and Car: I know it wasn't easy to see me leave at the beginning of last year but life went on. I missed you guys a lot while I was at school and I hoped that everything went alright back home. Thank you for your support as well!

Mimi: Wow. It has been a roller coaster. Meeting you was the best thing for me. I know we have had our ups and downs and Loop-dee-loops but I thank you for eVerything you have donE for me and everYthing you have had to put up with. You are one of the most interesting people I've ever met and I hope we can work throUgh any conflicts together. JTM.

Hoosac Owls of 06-07: The boys that are now Champions. Hoosac is on the map because of us. We will never forget what we did and I will never forget any of you guys. We said we were going to win it all at the beginning of the year and we came through. No one knows what we went through to achieve glory. Congratulations boys on a great season and good luck to everyone in the coming future. I love you guys.

Jay Ahern: It's been a great 2 years JJ. You were my D partner the first year. You lived across the hall last year now you live across the campus. A lot of good memories though kid. Florida!

Lucas Bickford: How many pictures on Facebook are there now? I'm going to miss you man. Good luck in wrestling!

Peter Bouchie: 300, Blades of Glory, always fun times Pete. I'm glad you were nasty at Lacrosse because we needed it. Be good at Assumption.

Blake Boyer: I first met you in Montreal and I didn't think I could get through a whole year calling someone Blake. You're a great guy and an amazing goalie... in games. Keep your head up Blake. Good luck.

Matt David: Who knew Matt David would end up at Hoosac? It's been a great year Matt and an even better hockey season! Good luck.

Scotty Evans: I didn't see much of you last year, but everyday this year because you lived across the hall. Soccer practice. Sunday tennis was sick. I'll see you this summer! Great times scot.

Kyle Ferguson: The first guy I met when I came here. You were a great roommate and an even better friend. Good luck in everything Ferg. Have fun in the Scosh!

Kyle Hardy: Hardz, the most offensive defenseman I've ever seen. 4 forwards and 1 D when you were on the ice. Florida was wild. Good luck at Bowdoin.

Trevor Hilson: Great 2 years Hilsey. We had a soccer championship in our grasp. Thanks for all those movies and good luck at RMC. I'll see you there next year.

Francois Jean-Boutin: *Le gars de Thetford qui ne pouvais pas parler anglais. Das Bout! C'etait un plaisir Bout! Bonne chance avec Bate-Comeau.*

TJ Kilbride: Hold the fort down next year.

Ryo Miyazaki: The Japanese phenomenon. You've grown up a lot since we first met. I could always hear guitar hero playing across the hall. I'll admit you were a little bit better than me. It's been fun Ryo.

Sy Nutkevitch: I still say that it was a perfect sauce past Brunswick last year for the win. I could always count on you flying up the ice for the breakaway. Good partner in tennis though Poo. Light Juniors up.

Ian Richter: Little Richter, you surprised everyone with your Lacrosse skills, if you could only get that backdoor pass. Sorry about the pucks off the head. You will do great things.

Shawn Sacco: The Mutts were sick. Only 2 hockey prefects! Good knowing you Sacco, see you at Concordia.

Mike Schiavi: Mike, I've been on your team 3 years and 2 of those years we've won a championship. You're a great hockey player with a lot of heart, good luck at Plattsburgh.

Andrew Stewart: Great year Stew, I'm going to miss you next year! Hope you have a great season next year! Light it up!

Coach: My coach, my advisor and my trainer. Thursday mornings, hills and suicides were all worth the effort. We did it! Thank you for everything Coach, even the chairs on my balcony. I appreciate everything you have done for me. Thank you.

Mr. Rozanski: I guess you did like guitar hero. We will forever be remembered as the team that one it and you were part of that. Thank you for everything. Good luck in years to come.

Ms. Mac: Thank you for all your help Ms. Mac.

Mr. Uhl: Thank you for the Yankees games and teaching me how to play the piano.

Pitt Mason: You kept a roof over my head for two years. I hope to keep you clean. Be good to the students next year old friend.

Hoosac Hockey- Never before have I played with a group of guys who cared so much for each other. Every single one of us was ready to die for each other whether it was off the ice or on. There was no way we were going to go the whole year and not win a championship. There was simply no way. For the rest of our lives we will be the only twenty kids with those rings that will remind us of how lucky we are for getting the chance to play on the Hoosac Owls in the 2006-07 season. Thanks for the memories and I will love you guys for the rest of my life.

Mom and Dad- You guys are the two people on this planet that I care for most. I could never re-pay you for the great life that you guys have given me and I thank you so much for that. I love you guys to death and I am glad we have the summer to be together for good! Thank you so much for taking care of me the last 18 years and I hope you guys realize how much I thought about you the past three years I have been away without you. I love you both

Ahern- We've had some good time bro. I know I'm going to be seeing a lot of you next year. I will never forget the times together in Florida or on that close encounter with nature that we had. I wish you the best of luck because I know you will be successful and I know we will be life-long friends.

Ferg- Fat chompers heyyy! You got me this ring that I'm wearing on my finger with your hand-eye hallway vision in the playoffs. You're a very close friend and I know I'll be seeing enough of you! I'll hit you up in the Scoch with Weldun some day!

Sy- I don't think I could go a week without getting a few laughs from you. You brighten up my day. We'll play a couple of years of hockey and then we'll get our heads straight and coach a team together like we were destined to do. Love ya man.

Glenn- My man from the city. You were like a brother to me this year and I will see you and Lucas up at the Godin this summer.

Louis- My number one monstrugenheimer. Your a wild guy man aml. Your going to show me the city this summer. See you in a few years when were sharing an office on Wallstreet.

Sacco- The RDP Moutandis! mingia bro. It's been a long three years but they were the best of our lives. It's going to be weird without you next year but were going to be hitting you up in RDP all summer.

Hilson- I'll never forget that car jump in Montreal last spring. PG'S! Hope you defend our country well and make sure when your back from Iraq you come visit your brother in the 514. Good luck in life red dog, your the man

O'Rourke- My d-partner that got me out of situations that only robocop could take care of. Thanks for having my back and I will always remember St-patty's day at the Golden Nugget. Good Luck Torque.

Scotty- Can't believe it ends here man. Your one of the chilliest kids I've ever met and I know you're one dude I can trust with anything. I wish you all the success in the world because if anyone deserves it, it's you.

Bout- Crise que ja'i jamais rire comme sa avec un Francaise. Your the man Francois Jean and you always know u can make the drive to see me from Tethford. Bonne chance mon frere.

TJ- You're going to have to hold this team on your back next year kid. Don't let babe hey distract you. You're someone I could always count on and you have the coolest family I've ever met. Take care Hey, Ill be back to visit you and I want to see you hold that trophy high next year.

Bouch & Boyer- You two were just ridiculous roomates. My favorite Mass. boys and you both were a huge part of our success this year.

Ryo- You have the biggest heart I've ever seen in a hockey player. I wish you the best of luck and keep your head high leo.

Stewy- Your right crazy Willy. You amazed me at that Yankess game with that PEI Power in the bus. Good luck next year and you better be ready for a few slashes when we play each other next year.

Sarah- You were like a sister to me the past two years through all the rough times. You are one of those special people who I could trust with anything. Take care Oni.. bring me to Seoul.

Hye Jin- No matter what happened I will always remember all the good times for the rest of my life. You're a really special person to me and I will think of you for a long time. I wish you good luck the next two years. Please stay in touch.

Moose- You're going to be eighteen years old next year!! You are a funny girl I know how good of a person you really are.

Mike- I would take a bullet for you and I know that you would do the same for me. We couldn't have gotten through these three years without each other and it's too bad it has to end here. There is no one else out there like Mike Schiavi. You will be my brother forever and I hope you think of me every time you put on that #7 next year. It feels like we've been to war together and nothing will ever break this special bond we have. Thanks for everything and I know well be seeing enough of each other. I don't have this welt on my forearm for nothing.

Matt- Matty diesel and Hardawg 3000. wow weve had some crazy times together that we could not explain to anyone. I don't think anyone could ever understand the stuff that happens to us but somehow we get through all of our journeys alive. I know we will grow old together and you will be on my speed dial for the rest of my life. You are the closest thing to a brother that I have ever had and I know we will have this relationship forever.

Lavino- Thanks for being my home for the last two years. Thanks for the good times.

Mr. L- I don't think you ever said a word to me before this year unless I was getting screamed at. I loved your AP class and your unique way of keeping our attention while you were teaching. Thanks for the three years.

Mrs. Mac- Thanks for all your support and letting me have the chance of being your son for the last three years. I've never seen anyone work as hard as you do and I appreciate that. Best of luck in your future

Moss- I could have never asked for a better dorm parent at this school. You treated me as your friend and I want to thank you for that. I'll be down to visit for some of your steaks sometime next year

Coach- I owe the next four years of college to you. Thank you for all the good memories and for making me the hockey player that I have become over the past three years. All I have ever wanted to do since I started playing for you, was to win a championship and I knew we would do it. You deserve way more than what you have here at school but yet you make due with what you have, and I love that about you. I will keep in touch. Thank you.

JARED SMITH

My time at Hoosac has been an amazing part of my life. I would like to thank all of my peers for making it that way. I don't want to single anyone out, as that would be unfair to someone I may have forgotten. I would like to thank a few of my teachers however:

Mr. Lomuscio- Thank you for having me in your English class this year. It meant the world to me that you made me a Proctor. Thank you for all of the great class discussions we had.

Mr. Horne- Thank you for teaching me many important "Kantcepts" in ethics. I will never forget the art we saw at the Clark Museum and how much that afternoon meant.

Mrs. Rabinowitz- Thank you for being there for me whenever I needed someone to talk to. Thanks for providing me with the best support anyone could ask for.

Mr. Rabinowitz- Thanks for opening your door whenever I needed a break

Mr. Kurland- Thanks for being a great dorm parent and math teacher.

Ms. Stulz- Thanks for always having your door open when I needed chemistry help

We forget how much of life is controlled by luck. In one split second, something can happen that can change us forever. Choosing Hoosac was one of those things for me. I'll end with a quote from the movie "Match Point": "The man who said "I'd rather be lucky than good" saw deeply into life. It's scary to think so much is out of one's control. There are moments in a tennis match when the ball hits the top of the net, and for a split second, it can either go forward or fall back. With a little luck, it goes forward, and you win. Or maybe it doesn't, and you lose."

ANDREW STEWART

2007 New England Champs- Boys it was a pleasure playing with every single one of you and I will never forget the experience I had on and off the ice. Winning that championship in Salem was one of the highest points in my life and being with such a team made it that much better. Weather it's a year or 20 years from now anyone of you boys that come to P.E.I are welcome to stop by and visit the farm.

Francois- You are one of a kind and I hope you never change. From the very beginning we should have been roommates but it didn't seem to happen. Going to Thetford mines with you was a blast, you truly were the best English speaking person there even though I never admitted it. Good luck with Hockey and school next year and make sure you come visit me.

Nikapoor- Keep lifting you will be huge and all the Russian babes will want you.

Blake- Blzzzzzzzzzzzzake I'll never forget you, you're one crazy kid and have become one of my closest friends over the past year. Don't ever lose your robot voice, you will be surprised how many girls you can get, "in the city yo". Those countless times in Boston were unreal and I'm sure there are many more to come kid.

Bouchie- Bouch bud, wow where do I start you have to be the funniest most outgoing kid I know. Next year when we go skiing maybe Blake will come instead of going to Subway every ten minutes. Keep in touch man.

Richter- your just a little boy

Bickford - I'm glade you ended up becoming my roommate because now I can write a book about your life story. It was a great getting to know you. Isn't it crazy were going to the same university?

Jednak- I'm just going to tell you now I was the one who hid your speaker wires every time. See you at you at Yule log Mr. B said he'd pick us up at the train station.

O'Rourke- You're the most intense person I know and I'm probably the least so I don't know how we got along so well but we did. Thanks for keeping me inline this year.

Ryo- ok Ryo there's two things that your extremely good at skating and play guitar hero II, but this year was great getting to know you, I can't wait till this summer. Whether you go to Plymouth or Walpole I wish you all the best and I know we will be in touch.

Kurland- Thank you for everything. Your English class was a great way to start off the morning. Thank you for advising me in all the right direction. "Look at me I'm a potato farmer look at me"

Coach- Thank you for the great season and if it wasn't for you I wouldn't have had the opportunities that are in front of me now. I'll make sure I see you at the show case on P.E.I next year and good luck with your future team

Ferg- man it was great year and I'm glad you were there to make those long trips back to the Maritimes with me. They always seemed to be tough but we made it through. This summer will be sick I'll make sure I come over to chill with you and Dixon.

A-her- Jay bud it was a great year with you and going snowmobiling with you in Freyberg was sick, ill never forget that. We had some good times this year and I'm sure there are many more to come good luck with hockey and school next year.

The Quad- Hard's man you were a great captain and best of luck in Bowdoin there's no little boys in that league. Hilson I'm so glad you decided to come back and P.G the quad would not be the same with out you.

Mr. Horne- Thank-you for everything this year and I really enjoyed your ethics class, maybe see you in a few years as an islander.

T.J- man Sunday River was unreal and I can't wait to go next year, can't wait to chill with the boys on P.E.I this year.

Sacco- You never did get the recognition you deserved but I can't believe you ditched fitness club for lacrosse. Best of luck next year

Sy- You have great opinions on everything, I'll never forget the first day of hockey practice you were a leader lot's of good times and best of luck.

Chen- I'll never forget you but you're a college boy now and best of luck.

Mom and Dad- THANK YOU for everything if it wasn't for all your help and support I wouldn't of had the opportunity I've had this year.

Hoosac- Thank-you for all the great memories that I'll never be able to experience anywhere else.

Celebrating

Michelle!

Ever since you were born, you were a wonder...lifting your head on your first day of life and rolling over on the second day! We have always been in awe of your interest in books, your talent in building three-dimensional puzzles and models, your voice with perfect pitch, your ease in making friends, and your loyalty in relationships. Your zest in hiking volcanoes in the Pacific Northwest and climbing pyramids in Mexico match your adventures in boating, swimming with dolphins, and your discovery of nature. You have accepted so many people into your life through summer camps and travel and you have kept those relationships alive on the internet.

Mostly, we are impressed with your perceptiveness and your awareness of character and virtue in others. Regardless of struggles emerging in life, you rise to the occasion of each challenge and you develop ideas to make this world a better place.

Today, we are celebrating your academic achievements and the path you have chosen. As you enjoy your studies in anthropology and education, we wish you extraordinary learning opportunities, loyal friends, and lots of fun. May your days at Hartwick College be some of the best days of your life and lay the foundation for an amazing adult life!

Congratulations Michelle '07 and '11!
